Tell us a little bit about yourself. Please include any community involvement or personal philosophy.	I'm a full-time Realtor based in Oklahoma and deeply passionate about serving both my clients and my community. I believe real estate is more than just transactions - it's about relationships, trust, and helping people navigate some of the biggest moments of their lives with confidence and care. I currently serve as a State Board Director and stay actively involved through the Edmond Board of Realtors and Oklahoma Association of Realtors. I've served on multiple committees including Membership, Events, Banquet, and ELOT Accelerate, and I value opportunities that help strengthen our industry and support fellow Realtors. Outside of real estate, I'm a wife, mom of five, and strong advocate for women in business. My personal philosophy is to lead with integrity, stay involved, support others, and always leave people better than you found them. I believe our profession grows stronger when we collaborate, mentor, and create a culture that encourages both professionalism and personal growth.

What motivated your desire to serve on the MLSOK board?

My desire to serve on the MLSOK board comes from a genuine passion for our industry and a strong belief in the importance of leadership, collaboration, and forward-thinking decision making. MLSOK plays a critical role in supporting Realtors and protecting the integrity of how we serve our clients, and I would be honored to contribute to that mission.

As someone actively involved at both the local and state level, I've seen how important it is for members to have leaders who listen, communicate well, and advocate for solutions that benefit Realtors at every stage of their career. I bring both a collaborative mindset and a willingness to work hard behind the scenes to help our association continue moving forward.

I'm especially passionate about encouraging member engagement, supporting professionalism within the industry, and helping ensure MLSOK continues evolving in ways that provide value, education, and strong resources for its members and the consumers we serve.
