Tell us a little bit about yourself. Please include any community involvement or personal philosophy.

Before I became a Realtor, I was in the corprate world. I ran a Business unit for a Telecom company to increase business leverage as the telecom business was changing. I was tasked with a starting to build Data Centers. In the US and England. As Technology was changing and keep the company afloat as the I also worked with Legal to verify billing for peer's in our space who were not being billed properly by our sales team and found out we were losing over 24 million in lost revenue yearly. Well that got changed quickly.

I help give back by doing work at facilities who need work done and donating \$\$.

My Philosophy:: Treat people as you want to be treated. And be kind and helpful, the world needs more of this!

What motivated your desire to serve on the MLSOK board?

I would like to continue to learn and grow with MLS & OKMAR and be a positive voice to show the Value we can bring to our peers. As I have taken the step to be involved in committees, sub committees, and leadership, I feel this is the next step for me. I would be honored to run and be selected by my peer's.
